

UNANSWERED QUESTIONS FROM INFORMATIONAL  
MEETING WITH CLEAR SKY ENERGY LLC &  
FRIENDS OF MAINE MOUNTAINS

**Please be advised all questions are hereby submitted exactly as written and no grammatical changes have been made.**

1. Question to Clear Sky

If all that you are telling us is correct, why are so many people in Maine rebelling against wind turbines and feeling ill and objecting to the sounds?

Why are the wind companies denying the testimonials of people who are living with wind turbines?

2. Question for Friends of Maine Mountains

In your experience have wind developers projections of revenue and other promises been kept?

3. Question to Clear Sky

Are you aware of Dr. Phillips peer reviewed report on the health effects of wind turbines published in August of 2011? If Not, then why not? The Berkeley Papers have been misused.

4. Comment to Clear Sky

Sumner voted down windmills twice, why are you still here?

5. Question to Friends of Maine Mountains

Angus King talks about us being on the verge of \$6 to \$7 a gallon oil prices, due to peak oil. Isn't it prudent to everything we can to wean ourselves off oil? (Wind, solar, conservation, load management, etc.)

#### 6. Question to Friends of Maine Mountains

How can you call yourself an environmentalist if you would suggest us to keep burning coal or gas or keep a river dammed up instead of wind energy?

#### 7. Question for Clear Sky Energy

Historically, do electric rates go up or down after Industrial Wind facilities go online? What have happened in the country of Denmark where there are many wind farms?

#### 8. Questions for Clear Sky Energy

At your initial appearance at the Planning Board, you encouraged Sumner to move ahead with an ordinance. Now espouse (Adopt or support (a cause, belief, or way of life). What changed?
